AUTUMN ASSORTMENT

As the leaves change in colour so do our products! Enjoy the warm Autumnal finish of our new rustic range of lampholders and ceiling plates. The sought-after colours of black, white and copper can now be found in our chain selection, as well as 2 new high-weight rated chains in brass and nickel. Neat ceiling-mounted cord restraints are now available for 'spider' style pendant lighting arrangements; quirky new colours 'Pigeon' and 'Linen' in our braided flex range. A couple of new thin wires available for those who restore chandeliers; brass colour 'Gooseneck' fittings for those who want to make something creative in lighting and finally a couple of handy cordless rechargeable LED worklights thrown in for good measure! So we hope you will find something to order from this flyer and look forward to hearing from you soon.

Happy Autumn!
