# Lampfix

## About Lampfix

Lampfix is a trusted supplier of lighting components, serving restorers, manufacturers, and specialist wholesalers across the UK. From our distribution and workshop facility in Stotfold, England, we supply a wide range of quality parts—lampholders, cable, fittings, and more—supported by fast service and friendly, knowledgeable advice. We believe in doing what we say, being genuinely helpful, and making lighting components easier to find and understand. We take pride in looking after our customers and our team, and we love making it easier for people to restore, repair, or create beautiful lighting.

## About This Product Guide

This catalogue is a guide—our full range, current pricing, live stock, and helpful resources are always available at [lampfix.co.uk](https://lampfix.co.uk). While we work hard to represent each product accurately, images do not always capture true colours or finishes. For the most accurate information, please check the website or contact us directly—we're always happy to help.

## Workshop Services

We offer light workshop services to support bespoke lighting setups:

### Pendant Assembly

We assemble complete pendants to your specification—wiring, testing, and preparing them for installation. This includes large-format multi-drop pendants such as stairwell or dining room fittings. Typical turnaround: 2–4 working days.

### Custom Outlet Punching

We punch cable outlets in ceiling roses—both standard and large-format blanks—based on your layout. Just email a drawing (PDF, JPG, or a clear photo of a sketch) showing the positions you need. Typical turnaround: 1–2 working days.

### Leads & Small Assemblies

We also produce custom leads and small assemblies to order. Turnaround time varies depending on the job.
